To Whom It May Concern:

I would like to personally endorse Robert Ming for Laguna Niguel City Council. Robert and his wife have their two children enrolled in the school where I am their Superintendent. I've come to know the family over the past couple of years and am very confident that Robert is a wonderful husband, very dutiful father and a gracious Christian gentleman.

In this day and age, it is enormously important that we select civil servants, who can do just that, serve. I am certain that Robert will serve the specific community of Laguna Niguel and perhaps the wider community of South Orange County with diligence. As an attorney, he has demonstrated the ability to have a clear focus on objectives and an organized approach to achieve them. As a member of the community, he has participated in many ways with the desire to make our community as safe and family oriented as is possible.

As a resident of Laguna Niguel, I am delighted with the prospect of having a gentleman of such character representing me and my household. I wish him the very best!

Sincerely,

Sherry L. Worel
